PREFACE

This revised Guidebook focuses on the various stages of crew change administration, and the recommended steps following the ICS issued Framework of Crew Change Protocol and based on the Maritime and Port Authority of Singapore (MPA) issued Port Marine Circular (PMC) 10 of 2021 **This Guidebook supersedes the version dated 24 September 2020.**

The Singapore Crew Change Workgroup (SGCCWG) coordinates efforts in Singapore for Crew Change. The SGCCWG is also connected to the larger global Crew Change Taskforce led by the International Chamber of Shipping (ICS), providing an exchange of updated information regarding changing developments around respective international government restrictions, on air-travel, health advisories on the pandemic, which impact crew change.

The main SGCCWG consists of the following representations, led by the Singapore Shipping Association (SSA):

- **Industry**
International Maritime Employers' Council (IMEC)
Singapore Shipping Association (SSA)
- **Union**
Singapore Maritime Officers' Union (SMOU)
Singapore Organisation of Seamen (SOS)
- **Government**
Maritime and Port Authority of Singapore (MPA)

The SGCCWG strives to provide periodic updates on developments in Singapore to the larger community of Ship Owners, Managers, Agents and Crewing/Manning companies, receiving relevant inputs that are considered and implemented in this document.

A further development team within the SGCCWG was formed pulling resources from experienced ship managers. The members in this team are:

- Singapore Shipping Association
- Synergy Marine Group
- Western Shipping and IMEC board member representative
- Wilhelmsen Ships Service AS

ENHANCEMENTS TO CREW CHANGE FOR CARGO SHIPS IN THE PORT OF SINGAPORE

With effect from 01 September 2020, MPA will consider the following circumstances for crew change applications:

- Crew whose employment contract has expired;
- Additional crew on board whose sign-off would not affect the safe manning of the ship;
- Change of crew due to the sale or purchase of ship;
- Personnel who are not part of the ship's crew such as superintendents and service engineers;
- Compassionate grounds e.g. death of family member; or
- The crew is no longer medically fit to work onboard the ship

Updated Requirements in line with latest PMC issued.

Important reminder: Applications for crew change **must** be made at least **14 days**¹ in advance in line with the requirements of PMC 10 of 2021, by completing the online form at: www.mpa.gov.sg/web/portal/home/port-of-singapore/operations/crew-change or scan the QR code below.

Sign-on crew

- Meet-and-greet services are mandatory for sign-on crew arriving at Changi Airport, to escort the crew from the moment they disembark the plane to the point where they are handed over to the agent for the direct transfer to the ship or designated holding facility. Please read the mitigating factors and processes for sign-on crew.
- In general, all sign-on crew are required to serve 14-day Stay-Home-Notice (SHN) in the crew's originating country/region before departure to Singapore. Crew from specific low risk countries/regions will either no longer be required to serve the SHN or serve a shorter SHN of 7 days in the originating country/region prior to departure for Singapore. Please refer to ICA's website (<https://saftravel.ica.gov.sg/files/SHN-and-swab-summary.pdf>)(for the latest list of low risk countries/regions
- While serving his/her SHN at his place of residence or holding facility, the crew should be completely isolated in a room with dedicated toilet with no interaction with others.
- The crew must have a negative result from a COVID-19 test (polymerase chain reaction (PCR) type) taken at a government-approached or ISO 15189-accredited testing facility not more than 72 hours prior to departure for Singapore.
- The crew must provide a fit-to-travel certificate not more than 24 hours prior to his/her departure to Singapore.
- In addition, if a crew was previously diagnosed with COVID-19, he/she must submit documentary proof of his/her past diagnosis of COVID-19 based on the **earliest** positive PCR test result. The guidelines are as follows:
 - i. If the date of the positive PCR test result is **21 days or fewer** before the date of arrival in Singapore, he/she will not be approved for crew change.

¹ Submission of crew change application must be made at least 7 days in advance, for crew who undergo the protocol under the [STAR CrewSafe accredited facilities](#)

- ii. If the date of the positive PCR test result is between **22 to 180 days** before the date of arrival in Singapore, the recovered crew need not serve the SHN at his/her originating country/region nor take a COVID-19 PCR test within 72 hours before departure for Singapore. But if he/she develops symptoms during the SHN period, he/she must be tested for COVID-19.
 - iii. If the date of the positive PCR test result is **more than 180** days before the date of arrival in Singapore, he/she must serve a 14-day SHN at his/her originating country/region and take a COVID-19 PCR test within 72 hours before departure for Singapore.
- During the entire crew change process, especially during the journey to join the ship in Singapore, crew may be in groups of not more than five (5) persons and must remain in the same group. There must be no interactions between the groups.
 - For crew going directly onboard ships, he/she shall only arrive Singapore to join his/her ship not more than two (2) days before the ship's departure from Singapore. For crew staying at designated holding facilities, they may stay at these designated facilities for up to 72 hours.
 - Pre-departure PCR test should be carried out at government-approved or ISO 15189-accredited testing facilities

Sign-off crew

- The crew:
 - Must have not gone ashore in the last 21 days before disembarking the ship
 - Must have remained well and not had contact with any known or suspect case of COVID-19 throughout that period
 - Shall refrain from interacting with shore-based personnel at previous ports of call in the last 21 days
- Fit-to-travel certificate must be issued by a doctor in Singapore not more than 24 hours before disembarking the ship
- Tele-medicine consultations by Singapore Medical Council-fully registered doctors meeting the requirements in PMC 10 of 2021, are approved for issuance of the off-signing crews fit-to-travel certificate.
- Sign-off crew who requires COVID-19 pre-departure test (PDT) before being allowed to transit through or enter their destination country shall require to produce a negative PCR test result taken at the vessel's last port of call, before calling at Singapore provided no crew change has been carried out in the last 21 days before the vessel's last port of call.
- Please read the mitigating factors and processes for sign-off crew.

Crew change process for sign-on and sign-off in Singapore

- A safe and coordinated planning process, ensuring minimal contact between crew and staff of Designated Holding Facilities, transportation providers and launch services
- All aspects of the value chain taken into account including self-reporting of symptoms, so that any suspected infectious case is attended to early on. All suppliers vetted and audited for proper quarantine and emergency protocols

VERSION6 COVID-19 SINGAPORE CREW CHANGE GUIDEBOOK – 1 April 2021

To minimise the risk of importation and spread COVID-19 in Singapore, it is preferred that the crew is transferred directly between the vessel and the point of arrival/departure. Companies shall take note of the following requirements:

Phase Descriptor	Check List	Mitigating Factor
Sign-Off Crew	A The crew must have an available flight for him/her upon sign-off.	<ul style="list-style-type: none"> • Sea port doctor to certify crew member are fit-to travel prior sign-off. This can be performed via Tele-medicine in line with the requirements of PMC 27 of 2020 • No sharing of Passenger launch boats for crew and service engineers/technicians • Agent will arrange for crew for using private transport and Meet-and-greet Services, at the airport, escorting the crew to clear ICA through to boarding the plane. • Transport to standby 30 mins prior crew arrival
	B Crew is not allowed to remain ashore in Singapore while waiting for his flight unless they have a confirmed booking at a Designated Holding Facility.	
	C Seafarer’s Employment Agreement (SEA) of the signing-off crew.	
	D Sign-off crew must have a fit-to-travel medical certificate issued by a doctor in Singapore not more than 24 hours prior disembarking the ship.	
	E Master’s statement that vessel shall not depart Singapore until Port Clearance is issued from the MPA.	
Land / Sea Transport Provider	<p>Wear a mask at all times.</p> <p>Sanitize and disinfect seats/interior prior receiving the next onboard crew</p> <p>Ensure all crew sanitize their hands once in vehicle/launch</p> <p>Sanitize and disinfect seats/interior after dropping off crew.</p>	<ul style="list-style-type: none"> • Eliminating cross contamination: <ul style="list-style-type: none"> ○ All transport vendors are to practice MTI COVID-19 guidelines and safety measures. ○ All vendors’ segregation plans are to be submitted to the relevant authorities. ○ Drivers and boatman are to remind crew on the COVID-19 safety measures. ○ All vendors are to abide to the NEA cleaning guidelines.

If the above requirements can be met in line with the latest Port Marine Circular kindly submit the following documents to MPA to process the request:

VERSION6 COVID-19 SINGAPORE CREW CHANGE GUIDEBOOK – 1 April 2021

- A. Application form as per <https://www.mpa.gov.sg/web/portal/home/port-of-singapore/operations/crew-change> (You will have to make multiple submissions if you have more than 20 off-signers and/or on-signers)
- B. Online declaration, undertaking and consent by owner/agent/operator.
- C. Intended flight itinerary from the airline for both sign-on and sign-off crew.
- D. Online declaration that the last port of call was more than 14 days ago and the crew remains well; or if the last port of call was less than 14 days ago, the crew has not gone ashore for the last 14 days and remains well.
- E. Online health declaration by all crew members that they are asymptomatic and have not had contact with a known or suspect case of COVID-19 in the 14 days preceding arrival in Singapore.
- F. A copy of the ship's Maritime Declaration of Health in accordance with Port Marine Circular No. 16 of 2020. (To be submitted 12 hours before the vessel arrives Singapore)
- G. Confirmed flight tickets must be submitted as early as possible.
- H. For sign-off crew, fit-to-travel medical certificate issued by a doctor in Singapore not more than 24hrs prior to disembarking the vessel.
- I. For sign-on crew, crew's declaration that he/she has served 14-days SHN in accordance with MOH's Guidelines, as well as provide his/her temperature record.
- J. For sign-on crew, the COVID-19 PCR test result not more than 48hrs before departing his/her home country.
- K. For sign-on crew, the fit-to-travel medical certificate not more than 24hrs before departing his/her home country

Please note that A, B, C, D & E as requested above, shall be submitted at least **fourteen (14)²** days prior to the scheduled signing on/off date of the crew, unless expressly stated otherwise. Documents F, G, H, I, J K & L must be submitted at the earliest possible instance before the vessel's arrival. Failure to do so may result in the rejection of the application.

Should there be any changes to the information provided, company is to update MPA immediately.

In the event that the application for crew change in Singapore is not approved, the company should plan for the crew change to be conducted at other ports that allow crew change.

CrewSafe Facilities

The Singapore Shipping Tripartite Alliance Resilience Fund Taskforce (SFTF) has developed a CrewSafe audit programme that endeavours to assist crew source nations to bring a higher level of confidence and quality control checks into crew change processes such as quarantine/holding, medical and swabbing facilities. Please refer to this [link](#) for more information regarding the CrewSafe audit programme and a list of CrewSafe accredited facilities.

For sign-on crew who undergo the protocol under these CrewSafe accredited facilities located overseas, his/her crew change application may be given the following concessions:

² Submission of crew change application must be made at least 7 days in advance, for crew who undergo the protocol under the [STAR CrewSafe accredited facilities](#)

VERSION6 COVID-19 SINGAPORE CREW CHANGE GUIDEBOOK – 1 April 2021

- (a) Submission of crew change application must be made at least 7 days in advance, instead of 14 days.
- (b) If a sign-on crew undergoing the CrewSafe protocol is cancelled, direct replacement for this crew will be allowed if the replacement has been undergoing CrewSafe protocol for the same required duration, instead of having to re-submit a new application and re-start the process.
- (c) At Singapore, sign-on crew who had undergone the CrewSafe protocol may stay at the designated holding facilities for up to 5 days (instead of 3 days), if required.

Who to Contact for Sign On bookings

Contacts are listed under PMC 10 of 2021, Annex B

Duration of Stay at holding facilities for Sign On crew

Sign-on crew will be allowed to stay at the designated holding facility for up to 3 days³

Sign On crew new process pertaining to SHN (Stay Home Notice) period

In general, all signing on crew, except for crew from specific low risk countries/regions⁴, are required to serve 14 days Stay-Home-Notice (SHN) in the originating country.

- Crew shall be isolated properly (individual room with dedicated toilet) with strictly **no** interaction with others (including their family members) at his/her place of residence
- Alternatively, crew shall be isolated at a dedicated facility/hotel

Isolation/Quarantine/SHN Duration of 14 days

There are no further interpretations. Companies must ensure that the crew maintains a FULL continued 14 days during quarantine period. This means the company must demonstrate that the crew stayed in ONE location for 14 days uninterrupted. Crews who maintained 7 days at home self-isolation and then shifted to a company run facilities for the next remaining 7 days are deemed to have broken quarantine.

RACI Chart – (Responsible, Accountable, Consulted, Informed) roles in the SG Crew Change Guidebook

Members are strongly encouraged to refer to the RACI chart in the Singapore Crew Change Guidebook which states clearly the roles and responsibilities of each party the crew change process.

Footnote : MPA will conduct an investigation in the event a crew is found to display symptoms and found to be COVID-19 positive upon arrival. Any breaches are taken seriously, and penalties will be imposed on the guilty parties accordingly should there be any breaches found. All parties, even for those under the “Consulted” and “Informed”, are expected to do their due diligence to ensure that all processes are followed strictly. All parties are expected to be held accountable should there be any breaches/non-compliance of the processes

³ For crew who undergo the protocol under the STAR [CrewSafe accredited facility](#), sign-on crew may stay at the designated holding facility for up to 5 days

Sign Off crew process

No change to current Sign Off crew process, and reference is to be made to the crew sign-off application process found in the Singapore Crew Change Guidebook

Sign-off crew shall depart Singapore upon signing off, or, stay at designated holding, for up to 72 hours.

Sign Off crew PCR test requirements as part of crew's home nation requirements

MPA will continue to facilitate arrangements for crew required to take the COVID-19 pre-departure test (PDT). prior to departure as required by destination country's requirement.

For crew change applications where the sign-off crew requires PDT before departure from Singapore, in addition to the existing sign-off requirements, the sign-off crew shall produce a negative test result from a COVID-19 PCR test taken at vessel's last port of call, provided no crew change has been carried out in the last 21 days before vessel's last port of call. Test results should be submitted to MPA as soon as they are available and before the vessel arrives in Singapore.

If crew change has been carried out in the last 21 days before the vessel's last port of call, and if the vessel has crew signing-off in Singapore **who requires PDT**, all crew on board⁵ shall produce a negative test result from a COVID-19 PCR test taken at the vessel's last port of call before calling at Singapore.

⁵ Includes the sign-off crew as well as crew that will remain on board and sail off with the vessel.
