TO ALL OWNERS AND MEMBERS

28 May 2021

Dear Sir / Madam

Financial position and open policy years

The board of The Standard Club Asia Ltd approved its financial statements at a meeting on 21 May 2021. This circular provides an update to owners/members and their brokers.

Consolidated financial statements for the year ended 20 February 2021

The Report and Consolidated Financial Statements for the year to 20 February 2021 were approved by the board and will be circulated to the membership by email and published on the club's website shortly.

Despite the impact of COVID-19 related claims, the 2020 policy year saw the club's own claims position improved compared to the relatively high levels of claims experienced over the previous two years. However, International Group Pool claims from other clubs reached a new high last year, with the club's contributions to these claims pushing the combined ratio to 121%.

Offsetting this loss the club's investments delivered a 4.7% return in a very volatile market, as a result of a deliberate strategy of capital preservation and generating an absolute return. The investment gain has partially mitigated the underwriting result and, as at 20 February 2021, the club's free reserves remain comfortably above regulatory requirements at \$360m.

Renewal 2021/22

The club delivered a strong renewal result and made material progress in returning towards its goal of breakeven underwriting. The club strategically reduced exposure to some underperforming business and selectively welcomed additional owners/members to the club. Significantly, the club received excellent support from existing owners/members consolidating and increasing their entries. Tonnage stood at 149mgt on the 20 February 2021.
