

**TO ALL MEMBERS**

20 December 2023

**IG Stowaway Questionnaires**

Dealing with stowaways on members' vessels is a common problem for Clubs in the International Group and the IG's Personal Injury Committee has therefore developed a questionnaire to assist with their identification and subsequent repatriation.

The questionnaire consists of two pages, the first covering essential information about the stowaway and how access was gained to the vessel, and the second covering supplementary information if identification is still an issue.

The questionnaire is available in five languages (English, French, Spanish, Arabic and Swahili) via the following links:

- [English questionnaire](#)
- [French questionnaire](#)
- [Spanish questionnaire](#)
- [Arabic questionnaire](#)
- [Swahili questionnaire](#)

Members are invited to consider using the IG questionnaire in the event of a stowaway incident on one of their vessels. If possible, each stowaway should complete the questionnaire on their own and in their own handwriting, with a witness and date.

Members are reminded of the importance of cooperation between all the parties involved in a stowaway incident, and the blank questionnaires may be circulated as appropriate to all concerned parties.

All Clubs in the International Group are issuing a similarly worded circular.

Yours faithfully
